

Eagles Nest Baptist Ministries

BUILDING UPDATE — January 2014

Dealing with a wayward teenager is one of the most difficult challenges for a parent. As soon as we complete Phase One of the building project, Eagle's Nest Academy of Biblical Leadership and Excellence — "ENABLE" — will open and begin to provide a Christian environment of therapeutic intervention for teenage boys. Our program will provide a high-quality Christian education with an emphasis on vocational arts and an individualized training plan for each boy that will teach character and responsibility. Young men in danger of spiritual and moral failure will have their instability challenged with a biblical world view, and each day will be rounded out with ranch chores, group projects, and physical training.

We have been amazed and thrilled by how God has directed this whole building project. Now we are watching in

humble awe as He has begun to send potential workers our way. We know He has just the right team members already picked out.

As an eagle stirs up her nest, flutters over her young, spreads abroad her wings, takes them, bears them on her wings, so the Lord alone did lead him ... He made him ride on the high places."
Deuteronomy 32:11-13

What a joy to hear about the training the Lord has given some of these to prepare them to work effectively in this ministry of healing and hope! In future updates, we will introduce you to these competent workers and their families.

Thank you for your prayers and generous giving to this valuable ministry. Please join us in praying we can make a difference for many in 2014 by opening the boarding school ministry this fall.

Heartily in Christ,
Jonathan Edwards, Founder

PHASE ONE:

What a blessing it has been to see God provide for this project over the past year with funds and skilled volunteer laborers! Nine teams have traveled to Marysville giving their time and talents to help see Phase One on to completion.

Over \$40,000 was given by 80 of God's people in 2013 for a total of \$212,000 since January 1, 2005. Praise the Lord, the entire project is debt-free!

In order to complete the downstairs — Phase One — and begin ministering to at-risk teen boys, we need \$38,000 more. This will allow us to finish the exterior and drop ceiling, and purchase carpet, lighting, and the rest of the plumbing fixtures. It will also enable us to finish furnishing the kitchen and laundry room and build bunk beds in the dorm rooms, storage shelves, and other built-ins.

Every gift is important, and God can and does use whatever His people give in extraordinary ways. Many of the materials have been donated or provided at the dealer's cost. We have been amazed over and over again at God's provision of just the right materials and skilled workers at just the right time! In fact, just last week Ferguson Corporation sold us at least \$3,000 worth of plumbing fixtures for \$1400! Furthermore, a licensed plumber has volunteered to come install all of it!

Thank You!

PHASE ONE—PRAISE THE LORD!

\$250,000

\$212,000

One year ago we reported that about \$76,600 was needed to complete the exterior and the downstairs—Phase I. We are rejoicing that \$40,000 has been donated since then! The sheetrock, paint, and tile are done. The electrical wiring is in excellent shape, and the septic system is complete. The drop ceiling is 55% installed, and most of the doors and trim are installed downstairs. The metal siding is 80% done, and the exterior rock work has begun. Even more exciting, several well-qualified people are praying about joining the staff! Praise the Lord for His faithfulness!
